Performance and Features →

iPAQ rz1700

metallic alloy

As molded graphite
MT 11010

Dimensions: 114 x 70 x 13.4 mm

Features

- Samsung 2410 203MHz Processor
- Microsoft Mobile 2003 Professional
- 3.5" transflective QVGA 64k color display
- Memory: 32MB NAND, 32MB SDRAM
- Expansion: SDIO slot
- Wireless Capabilities: IrDA SIR
- 950mAh Lithium ion non-removable battery
- Speaker & microphone
- 3.5mm, stereo headphone jack

In-box Accessories: AC Adapter, Sync Cable

hx2000
Mainstream Product Line

What's New:

- More Choice
  - Single platform offers corporations ability to standardize without limiting flexibility

- More 'safe' storage space
  - More non-volatile storage means that information and applications are maintained even if battery becomes fully discharged

- Added durability

- High-speed file store on select models

- Landscape and Portrait

- Additional Security in ROM

Single product PCA with multiple configurations:

- Range of Intel Processors: 316, 520 & 624 Mhz

- Memory configurations: ROM 64 to 128MB

- Wireless: WLAN (802.11b) available on select models

- Security: Biometric security on select models

Mainstream Line:
Single Platform, Lots of choice

hx4710
A true business class product

What's New:

- Larger 4.0" high resolution VGA Transflective display
- Landscape and Portrait
- Touch pad navigation with cursor
- FIR (Fast Infrared IR)
- Magnesium Housing

Features:

- Intel Bulverde, 624MHz
- 128MB Strata flash & 64MB SDRAM
- Dual Expansion: CF Slot Type II & SDIO slot
- Magnesium housing
- Dimensions ~129 x 77 x 14.7mm
- Lithium Ion Removable, 1800mAh
- 3600mAh available

Wireless Capabilities:

- Wifi (802.11b WLAN)
- Bluetooth version 1.2
- IrDA FIR
